

Instructions for WebMobil24 data export

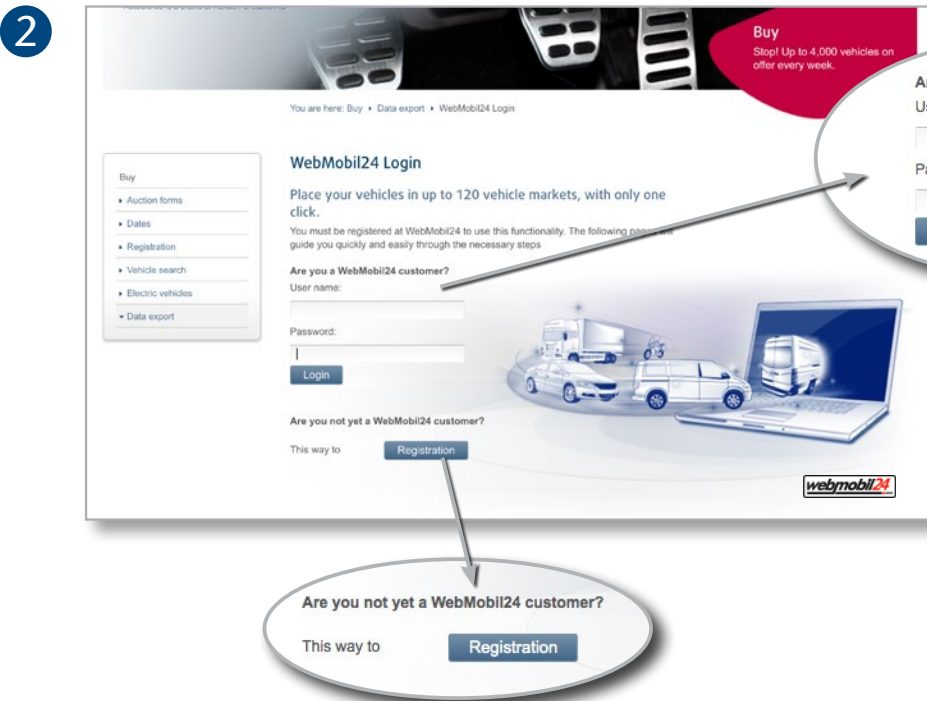

With our interface to WebMobil24 it is easy for you to market elsewhere online any vehicles you have purchased at www.autobid.de.

So, with only a few clicks, you can offer your vehicles simultaneously to multiple buyers.

The menu „Buy > Data export“ will take you to the page with information about our cooperation with WebMobil24.

Click on the „Data export“ button to export your auctioned vehicles to WebMobil24 and then have the option of transmitting them to up to 120 additional vehicle exchanges throughout Europe.

Are you already a WebMobil24 customer?

If so then all you have to do is enter your user login data of WebMobil24 in the login screen. Then you will go directly to an overview of the vehicles you have purchased, which are ready and waiting for data export.

Are you not yet a WebMobil24 customer?

Please click on the registration button at the bottom left and first register at our partner.

3

The screenshot shows the 'Online registration at WebMobil24 for dealers' page. At the top, there is a navigation bar with the WebMobil24 logo, links for Dealer, IT Solutions, Our partners, Media/Trade Magazin, and About us, along with social media icons and a login button. The main content area includes a heading, a brief introduction, and a 'Company profile' section with form fields for company name, address, and country/ZIP code. A vertical banner on the right features the Romoto logo and the text 'JETZT REGISTRIEREN'. A footer contains various links and a small car icon.

After you have clicked on the registration button you will go to the **registration page of WebMobil24**. There you must complete the normal registration process.

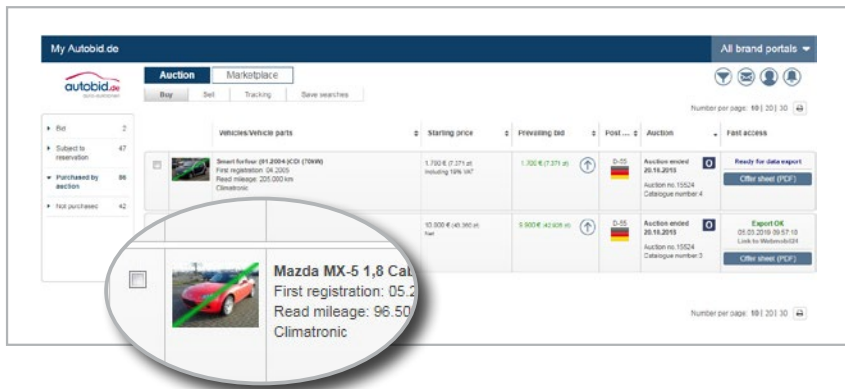

4

The screenshot shows the 'WebMobil24 Login' page. At the top, there is a navigation bar with a 'Buy' button and a banner for 'Up to 4,000 vehicles on offer every week'. The main content area includes a heading, a brief introduction, and a login form with fields for 'User name' and 'Password', and a 'Login' button. A vertical sidebar on the left contains links for 'Buy', 'Auction forms', 'Dates', 'Registration', 'Vehicle search', 'Electric vehicles', and 'Data export'. The background features an image of a car and a laptop.

Then you will be **granted access to WebMobil24** and you will automatically go back to the WebMobil24 login screen at www.autobid.de. Now re-enter here the access data you just received.

5

This will take you directly to the list of vehicles you have purchased at www.autobid.de. You now have the option of exporting the individual vehicles in the list.

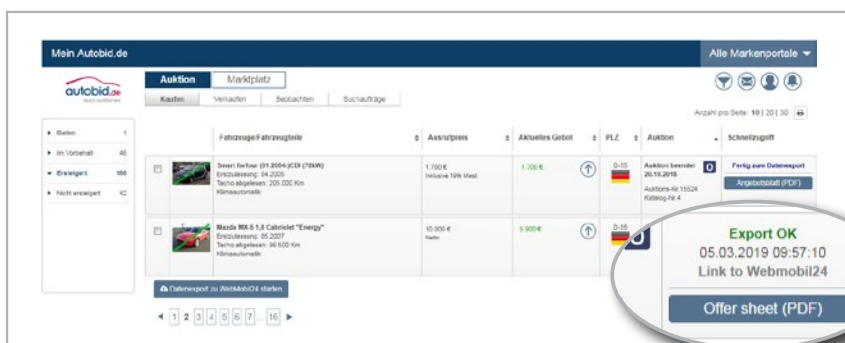

By clicking the **checkboxes** select the vehicles which you would like to export to WebMobil24.

6

As soon as the status **“Ready for data export”** appears in the column on the right you can begin exporting your vehicle data to WebMobil24.

7

Please note that the **processing** of the export can take up to 30 minutes until the vehicle data is available in your WebMobil24 account.

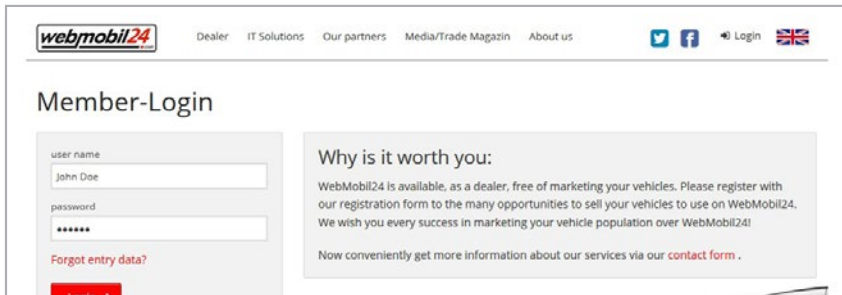

Instructions for WebMobil24 data export

8

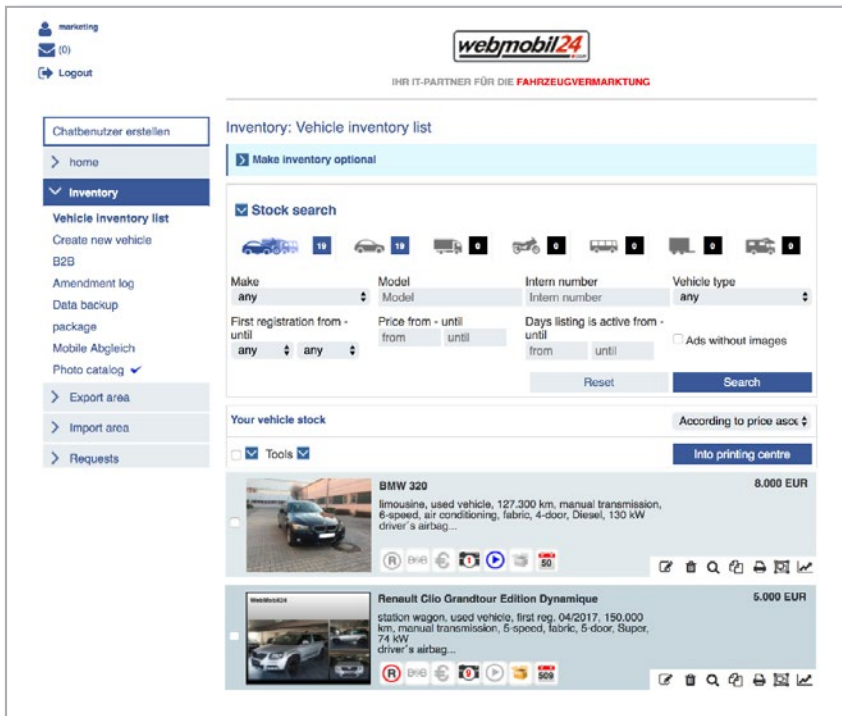

When you return to WebMobil24 you will find the link to your personal „Member-Login“ at the upper right.

9

Log in at WebMobil24 using your access data which you previously received.

10

On the WebMobil24 overview page you will now see the vehicles transferred from www.autobid.de, with the status "In run-up". Now you can make further changes to the vehicle data, such as changes to the description and determining the customer's price. This is also where you can carry out possible exports to other national and international markets.

Take advantage of the different possibilities offered by online trading at WebMobil24. For example, have your vehicle stocks displayed in different forms. If you wish, you can transfer these to over 100 more markets throughout Europe.
